September 29, 2009

Dear Rotarian Friend,

Rotary International has identified that the single major reason for a drop in membership growth and retention is invariably lack of Rotary knowledge amongst Rotarians. RI has suggested various ways and means that could be adopted at the district level in this regard. One of these is to establish a regular Rotary education programme, such as those conducted by Rotary Leadership Institute, a joint project of Rotary districts all over the world. The RLI is a leadership development programme, provides courses to green-badgers and potential club leaders to increase their Rotary knowledge and leadership skills. Those completing the courses are awarded a certificate.

As in previous years, the district RLI committee has drawn up the programme of courses for the Rotary year 2009-2010. Under the guidance of Dist. Governor Utpal Majumdar and District Trainer PDG Siddhartha Bose, RLI will be conducting during the year two of One-Day New Members' Orientation Course and one each of 3-Part RLI Graduate Course.

The 1st One Day New Members' Orientation Course is scheduled to be held on **Sunday November 8, 2009** at Rotary Sadan Registration charges are a nominal Rs.250/- only.(Includes Lunch, Tea & Course Materials).

This is a unique opportunity for new club members to acquire basic Rotary knowledge and become more informed about the organization and objectives of Rotary. A pro-forma registration form is attached hereunder with a request to you to give wider publicity to the course at club meetings and in club bulletins. Since we have limited seats, please ensure early registration.

Knowledge brings confidence and reinforces commitment. It is only an informed Rotarian who can be a good club member and an asset to your club and Rotary.

"The Future of Rotary is in your Hands".

Yours-in-Rotary,

Prabhat K. Rohatgi
